SPRING MOUNTAIN YOUTH CAMP (SMYC)

SMYC is not a locked facility, but it is highly structured, similar to a military camp. Children (Boys) are supervised at all times—but by "Probation Officers", not "guards." Technically, it is not a detention facility but a probation facility. Youths are assigned to the camp as part of their probation for criminal offenses. Typically, the first six months of their probation is spent at Spring Mountain, followed by 6 months of traditional probation in Las Vegas.

NV Energy Green Cross Program - Are you or permanent members of your household dependent on electrically operated medical equipment in use 24-hours a day? A customer service representative will send you an enrollment packet through certified mail for you to complete and return in order to sign up for the Green Cross program. Once enrolled, you will receive advance notification of scheduled electric outages for service maintenance and in the event of an unexpected power outage, we will take the steps necessary to restore power as quickly as possible. We are always working to provide you with reliable electric service but unfortunately, power outages caused by bad weather or equipment failures do happen. Because of these unexpected events we ask people who rely on life-support devices to protect themselves against occasional interruptions of service by having an alternate power supply.
